

BRING IT TO ME (VIRTUAL) / FIND THAT ITEM

Instructions:

Players: Can be played in teams with a team representative, or as a whole group (if small)

The first person will get 5 seconds on the clock to find “that item”. If they are able to retrieve said item before time runs out, they will get 1 point. Extra points may be added for creativity, originality, and interpretation, at the game master’s discretion.

If they do not get the item, there is no penalty. However, for higher challenge--- if the person doesn’t complete the item, the next person up has a chance to “pass or play”. By playing, they can find that item that was just played in half the amount of time (3 seconds) and receive 1 point if completed. By passing, they choose to get a new item, for double points in normal time (5 seconds).

Some of the topics include:

- Empty roll of toilet paper
