

### **Family Feud (Zoom)**

1. Divide the staff into two teams.
2. One member of each team faces the other in a face-off as the career staff reads the question off the game board.
3. The team that “raises their hand” as a Zoom reaction, receives control of the board, and has an opportunity to give the correct answer. If they are correct, they have the option of playing or passing control to the other team.
4. The team that has the control tries to reveal all of the correct answers to the question before receiving three strikes.
5. If the team receives three strikes without clearing the board, control is passed to the other team.
6. The team that now has the control is able to give one answer in the hopes that it is found on the board.
  - If it is, points are added to the team’s score.
  - If not, the other team gets the points.
7. Points are collected as each team finds its answers to the question on the board.
8. Continue the game repeating steps two through seven.
9. Each team tries to collect the most points. The team with the most points wins the game!
